ANOTHER EFFORT

Recent efforts having failed to have the desired result in bringing about trouble in the public schools, it is understood that petitions are being circulated on the South Side asking that Prof. J. S. Ragsdale be removed as principal of the Lee school.

It is said that whoever is instigating the trouble is also circulating a petition asking that Supt. C. M. Lieb be removed.

Petty spite and perhaps a little politics are said to be the main factors in getting the petitions started, and they will probably be endorsed by the board of education.
